I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

What are you trying to do? Please the  
big pharmaceutical companies? I tried the  
"one size fits all" made by them and it almost  
destroyed me. I, and many women, need  
natural hormones and as citizens we have  
the right along with our doctors to order  
from any pharmacy in the country. Stay  
out of our lives. You are NOT helping  
women if you pass this law. Don't hurt  
women, help women. Let us choose —  
this country is based on freedom. C1985  
God Bless America!

Please fold, seal, and mail by June 1

Respectfully,

Hilma R. Mason
